UCB (Pharma) Ireland, in conjunction with
The Irish Chapter of the International League Against Epilepsy
presents

The 1st Epilepsy-Expert Day

Dublin Convention Centre,
Dublin
Friday November 4th 2011

CME accreditation has been applied for

A meeting organised and sponsored by UCB (Pharma) Ireland
Dear Colleagues,

I would like to invite you to attend the First Epilepsy Expert Day at the Dublin Convention Centre on the 4th of November, and I am sure that you will agree that the programme of speakers and topics will not disappoint.

This meeting is being organised by UCB Pharma, in conjunction with the Irish Chapter of the International League Against Epilepsy. I believe that it is important the Irish League becomes more active in professional activities, aids in networking of individuals involved in the care of people with epilepsy and related disorders in Ireland, has a voice in international activities of the ILAE, and promotes advocacy for epilepsy resources and research funding for epilepsy at national and European level. It is my goal that this Expert Day for epilepsy health professionals will become an annual event and will act as a focal point for increasing ILAE activity within Ireland. I hope you can join us on the day.

Dr. Norman Delanty
President, Irish Chapter of the ILAE.
